

Environmental Policy Statement

Panorama Glass Lodge ehf. is committed to reduce the impact of the company's operations on the environment. Through effective policies in place, we provide a safe, healthful workplace, protecting the environment, conserving energy, and natural resources. Our goal is to promote sustainability and achieve environmental awareness at all levels of our company by:

- Complying with all applicable environmental legislation and sustainability commitments
- Develop and improve processes to minimize waste and other pollution as well as health and safety risks.
- Ensure the responsible use of energy throughout our business, including conserving energy and improving energy efficiency, and giving preference to renewable over non-renewable energy when feasible.
- Provide our guests the opportunity to donate to a local non-profit foundation which purpose is to promote nature and environmental protection as well as reforestation.
- Establish procedures for periodic review of environmental compliance with all laws and regulations.
- Promoting and giving preference to technologies that provide alternatives to business travel.
- Ensure our staff is educated and informed about the environmental impacts of their work activities and encourage them work in an environmentally responsible manner.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.
